Dear Parents

In our continuous pursuit of providing quality education, we at Spring Dale Senior School keep reviewing and evolving our educational practices to enhance the overall learning experience for our students. As we all know examinations play a pivotal role in assessing students' knowledge, skills and competencies, it is important that we handhold them significantly and prepare them better to reduce undue anxiety and stress of examinations. This is why MEET (My Exam Enrichment Time) classes are a great success among students and teachers. However, we hope you agree that despite our best intent and efforts many students still require reflective practices to further enhance their performance to optimum level of their potential.

Therefore, in order to empower students to learn from their mistakes and master the examination skills, we are introducing MEET-II w.e.f. academic session 2023-24. MEET-II will be held after mid term examinations in which students will be provided subject wise detailed feedback, highlighting strengths and areas of improvement. Each student will be provided a copy of exemplar answers and a chance to re-attempt the same set of questions, on a separate answer sheet. Once submitted, the answer sheet will be peer assessed in the school and marks will be recorded by the teacher. Each student will have a chance to score additional three marks in each subject on the basis of presentation, completion and timely submission of answer sheets of MEET-II.

We are confident that MEET-II will not only align students with the rapidly changing educational landscape and reinforce 21st century skills but also foster a deeper understanding of subjects and lifelong love for learning.

Kindly acknowledge the schedule of MEET-II.

Seeking your cooperation to ensure your wards' participation in MEET II.

Rajiv Kumar Sharma
Principal
